“Letter of Reference for Chris Darby and College Works Painting”

Chris and his two painters, Brandon and Dave, did a great job painting our house the last two days of June 2009. They were all very courteous, reliable and dependable as they completed painting the entire outside of our house in this two-day period. Everything that Chris said he would do transpired. I also feel that as Chris and this painting crew work together on more jobs they will continue to improve in all areas of paint contracting, but they are overall very competent as they are now. I would recommend them to anyone that may want exterior house painting performed at a reasonable cost and in a timely manner.

**Sincerely,
Barry Wanninger**
