To Whom It May Concern;

Kurtis Casper, during the last week of July, through the College Works Painting Program, power washed and painted the wooden fence that surrounds my home. Kurtis was very easy to work with. He was courteous, easy to contact and communicate with, and always returned my calls. Kurtis also assisted me with selecting the appropriated color and finish for my fence. I am very satisfied with my fence and he did the job neatly, no spills or drips. Kurtis was reliable and prompt with getting the job completed. I am very pleased and proud of my fence now that it has been painted. The painted fence definitely increases the value of my home. I would certainly recommend Mr. Kurtis Casper to my family, friends and neighbors who need deck or fence painting.
