In Re: Letter of Recommendation for:

Kurtis Casper - College Works Painting

College Works Painting, Kurtis Casper contracted for and completed the trim painting at 1381 Norwell Drive, Columbus, Ohio. They did an exceptionally good job, and I not only strongly recommend them, but would also use their services again. Their painting skills are very good, they use high quality products, complete all pre-painting preparation work, and perform clean-up at the completion of the painting work; the painting crew was always courteous and treated my home property with consideration.

Again, I strongly recommend Kurtis Casper - College Works Painting; they are very skilled painters, and in my opinion, you will not find better skilled craftsmen for your painting needs.

Sincerely, John C Witzel
